PAT PLACE, PHOTOGRAPHER

Cult punk-rock guitarist **Pat Place**, founding member of the **Contortions** and the **Bush Tetras**, is having the debut exhibition of her photographs at **Jane Kim / Thrust Projects** at 114 Bowery in New York, Dec. 11, 2008-Jan. 11, 2009. The photos are part of an appropriately nihilistic project titled "The End, 1981-Infinity," an archive of over 1,000 prints of end titles from movies on television, a collaboration with the art critic **Linda Yablonsky**.
